### [Difference between a Spiral Mixer and a Planetary Mixer](#)

Kitchen Applications: Mixers are primarily for bakery, pizza or other food service businesses to mix dough and batter. Countertop mixers under 20 quarts knead small batches of bread dough, pizza dough, whipping cream and fluffy frostings. Floor models have large capacity bowls for mixing heavy quantities of dough. Types: Planetary or Vertical Mixers can be either floor or countertop models. They [Read More...](#)
